Dear Mr. Meadows,

As you know, the League of Women Voters of Montgomery County (LWVMCVA) seeks to promote political responsibility through informed and active participation of citizens in their Government. Our annual publication, FACTS for Residents (formerly FACTS for Voters) provides key contact information, enabling area residents to find the correct office, department or person so they ask questions or be served as constituents.

Financial support from our community funds the printing costs of this important publication. I am very grateful for the funding you have provided in past years, and hope that you will continue your support for our 2016 FACTS publication.. Earlier this year I helped with the distribution of the booklet, and was heartened by the stories related about folks' using and benefitting from the information.

Will you please donate $200 or $300 to the LWVMC to help cover printing costs again this year? Of course we will provide you with a supply of the flyers, for distribution to your own clients and customers, spreading this valuable information to as wide an audience as we can reach.

You are welcome to send a check to the PO box above and/or email me at facts@lwvmcva.org to let me know your reply. Thank you for participating in and supporting good governance.

Regards,

Terry Ellen Carter
FACTS Chair
