Re: Application for Special Use Permit – John and Stacy Lloyd, Parcel ID: 009224, 009225

Dear Ms. Hopkins and Mr. Cochran,

Our firm represents John and Stacy Lloyd in their submission of the Special Use Permit Application for the Property designated Parcel ID Numbers 009224, and 009225, comprising 6.8 acres, (the “Property”), and located just north of the intersection of South Jefferson Forest Lane, and Coal Bank Hollow Road. Our clients purchased the Property in July 2022 with the intent of parking two trucks used for the business “Tech Tree Experts,” one Chevy 3500 truck with an attached trailer, and one Dodge Ram 5500 chipper truck with an attached wood chipper. After making use of the Property in this manner for a number of months, our clients received a letter from the County of Montgomery indicating that the use of the Property constituted a Contractor Storage Yard and did not comply with the Agricultural (A-1) zoning of the Property. We are therefore submitting this Special Use Permit Application on their behalf to request that our clients be allowed to make use of the Property as a Contractor Storage Yard.

The Applicant anticipates the Property would be used to park two or three trucks, with such approximate location marked on the attached GIS Exhibit map. In addition, we would request that our clients be allowed to continue to make use of the Property to park the two trucks throughout the duration of the Special Use Permit Application process.

Further on the northern side of the Property, third parties have recorded access to an old cemetery with graves which date to the early 1900s. Since purchasing the Property, our clients have cleaned up the Property by removing fallen trees and laying gravel on a dirt path used by individuals to exit the property after visiting the cemetery.

Should you have any questions or comments please feel free to contact me. I remain,

SPICER, OLIN & ASSOCIATES, P.C.

Additional Special Use Permit Requirements

The applicant for special use permit shall provide a statement of justification to address the following items in the application materials to demonstrate what impact the proposed request will have on the County's resources and how the request complies with Montgomery County's comprehensive plan.

Section 10-54(3)(g), Montgomery County Zoning Ordinance

(g) Issues for Consideration. In considering a Special Use Permit application, the following factors shall be given reasonable consideration. The application shall address all the following in its statement of justification or Special Use Permit plat unless not applicable, in addition to any other standards imposed by this Ordinance:

1. Whether the proposed Special Use Permit is consistent with the Comprehensive Plan (Addressed under "3. Comprehensive Plan Justification"). *The proposed SUP is consistent with the Comprehensive Plan and located within the Residential Transition Area. In accordance with PLU 1.5, the use is compatible with the Residential Transition Area Land use and would not interfere with nearby residential developments and residential property uses or with future residential developments. No sewer or water will be required as part of the proposed use.*
2. Whether the proposed Special Use Permit will adequately provide for safety from fire hazards and have effective measures of fire control. *Not applicable. The Applicant anticipates the future use of the Property to park two or three work trucks on the Property for use by his business. The applicant does not anticipate the construction of any building as part of this SUP.*
3. The level and impact of any noise emanating from the site, including that generated by the proposed use, in relation to the uses in the immediate area. *No significant noise would be created from the anticipated from the proposed use of the Property for parking of two or three vehicles, along with an attached trailer and attached wood chipper.*
4. The glare or light that may be generated by the proposed use in relation to uses in the immediate area. *Anticipated to be insignificant.*
5. The proposed location, lighting and type of signs in relation to the proposed use, uses in the area, and the sign requirements of this Ordinance. *None anticipated.*
6. The compatibility of the proposed use with other existing or proposed uses in the neighborhood, and adjacent parcels. *This Special Use Permit Application is consistent with uses permissible by special use permit. With the exception of the parcel to the south of this Parcel, zoned Rural Residential, each of the neighboring properties directly surrounding the Property are zoned Agricultural.*
7. The location and area footprint with dimensions (all drawn to scale), nature and height of existing or proposed buildings, structures, walls, and fences on the site and in the neighborhood. *No building is present on the Property. The location and area of the proposed parking is marked on the attached exhibit.*

8. The nature and extent of existing or proposed landscaping, screening and buffering on the site and in the neighborhood. [The current landscaping is demonstrated on the attached GIS map of the Property.](#) [Applicant shall comply with landscaping, screening, and buffering requirements.](#)
9. The timing and phasing of the proposed development and the duration of the proposed use. [No new development is being proposed.](#) [The proposed use would not have a termination date.](#)
10. Whether the proposed Special Use Permit will result in the preservation or destruction, loss or damage of any topographic or physical, natural, scenic, archaeological or historic feature of significant importance. [No new development is being proposed.](#)
11. Whether the proposed Special Use Permit at the specified location will contribute to or promote the welfare or convenience of the public. [The proposed use would enable Applicant to make a more convenient use of the public roads for his two or three trucks, thereby reducing the time such trucks would be required to travel on the public roadways.](#)
12. The traffic expected to be generated by the proposed use, the adequacy of access roads and the vehicular and pedestrian circulation elements (on and off-site) of the proposed use, all in relation to the public's interest in pedestrian and vehicular safety and efficient traffic movement. [The expected traffic is approximately two to three vehicles departing the Property and two to three vehicles returning to the Property each day Monday to Friday.](#)
13. Whether, in the case of existing structures proposed to be converted to uses requiring a Special Use Permit, the structures meet all code requirements of Montgomery County. [Not Applicable.](#)
14. Whether the proposed Special Use Permit will be served adequately by essential public facilities and services. [Not applicable.](#)
15. The effect of the proposed Special Use Permit on groundwater supply. [Not applicable.](#)
16. The effect of the proposed Special Use Permit on the structural capacity of the soils. [Not applicable as no new development is proposed.](#)
17. Whether the proposed use will facilitate orderly and safe road development and transportation. [No appreciable difference.](#) [To the extent applicable, the proposed use would reduce the commute time for the vehicles that would park on the Property.](#)
18. The effect of the proposed Special Use Permit on environmentally sensitive land or natural features, wildlife habitat and vegetation, water quality and air quality. [We do not anticipate an appreciable difference.](#)
19. Whether the proposed Special Use Permit use will provide desirable employment and enlarge the tax base by encouraging economic development activities consistent with the Comprehensive Plan. [Not applicable.](#)
20. Whether the proposed Special Use Permit considers the needs of agriculture, industry, and businesses in future growth. [Not applicable.](#)

21. The effect of the proposed Special Use Permit use in enhancing affordable shelter opportunities for residents of the County. **Not applicable.**
22. The location, character, and size of any outdoor storage. **We anticipate proposed parking for the two or three trucks and their attached equipment. The trucks which have used the Property are one Chevy 3500 truck with an attached trailer, and one Dodge Ram 5500 chipper truck with an attached wood chipper. The approximate location of such parking is marked on the attached exhibit.**
23. The proposed use of open space. **The area primarily affected would be the parking area located as demonstrated on the proposed attached Exhibit.**
24. The location of any major floodplain and steep slopes. **The northern half of the property is sloped and the eastern portion of the property has a number of steep slopes.**
25. The location and use of any existing non-conforming uses and structures. **The Property has been used for the parking of two trucks for work purposes since Applicant acquired the Property in July 2022.**
26. The location and type of any fuel and fuel storage. **None anticipated.**
27. The location and use of any anticipated accessory uses and structures. **None anticipated.**
28. The area of each use; if appropriate. **N/A.**
29. The proposed days/hours of operation. **Not applicable. The vehicles typically depart the property by 8:30 am and return by 6:00 pm, Monday to Friday.**
30. The location and screening of parking and loading spaces and/or areas. **The proposed parking location has been marked on the attached Exhibit Map.**
31. The location and nature of any proposed security features and provisions. **None proposed.**
32. The number of employees. **Not applicable.**
33. The location of any existing and/or proposed adequate on and off-site infrastructure. **Not applicable.**
34. Any anticipated odors, which may be generated by the uses on site. **We do not anticipate the generation of noteworthy odors. The vehicles depart the property shortly after their engines are started.**

35. Whether the proposed Special Use Permit uses have sufficient measures to mitigate the impact of construction traffic on existing neighborhoods and school areas. **Not applicable. No construction anticipated.**

Concept Plan & Comprehensive Plan Justification

Dear Montgomery County Board Members,

Our firm represents John Lloyd and his wife Stacy Lloyd, (the "Owners") who purchased the 6.8 acre property identified as Parcel Identification Nos. 009224 and 009225, (the "Property") by deed dated July 21, 2022. Mr. Lloyd purchased the Property with the intent of using the Property to park two trucks used for his business "Tech Tree Experts," one Chevy 3500 truck with an attached trailer, and one Dodge Ram 5500 chipper truck with an attached wood chipper. After using the Property to park his two trucks for several months, on April 19, 2023, our clients received a letter from the County of Montgomery, informing them that the use of the Property constituted a Contractor Storage Yard and did not comply with the Agricultural (A-1) zoning of the Property.

On the northern side of the Property, third parties have recorded access to an old cemetery with graves which date to the early 1900s. Since purchasing the Property, our clients have cleaned up the Property by removing fallen trees and laying gravel on a dirt path used by individuals to exit the property after visiting the cemetery. With the exception of the property directly to the south of the Property, zoned rural residential, each of the adjacent neighboring properties are currently zoned Agricultural (A-1). We anticipate the parking area currently used for the parking of the two trucks, and attached trailer and wood chipper, is approximately fifty feet (50') in length by fifty feet (50') in width. Such approximate location is marked on the attached GIS Exhibit map. The Property is located just north of the intersection of South Jefferson Forest Lane, (818), and Coal Bank Hollow Road, (649).

The Applicant anticipates the Property would be used to park two or three commercial trucks on the Property. Of the two trucks that currently park on the Property, one has an attached trailer and the other truck is "chipper truck" with an attached wood chipper. We anticipate the parking, lighting, and existing physical features of the site would remain unchanged, with the exception of any required modifications to parking, screening, and buffering. There are no buildings located on the Property. On the southern portion of the property, Batts Road runs through a portion of the Property and connects to Coal Bank Hollow Road. Further, there is also a road that runs to the Property from South Jefferson Forest Lane.

The proposed SUP is consistent with the Comprehensive Plan and located within the Residential Transition Area. The proposed use complies with lot minimums. In accordance with PLU 1.5, the use is compatible with the Residential Transition Area Land use and would not interfere with nearby residential developments and residential property uses or with future residential developments. Further, our clients have made improvements to the land which have benefited those using and accessing the cemetery located on the Property. Finally, no sewer or water will be required as part of the proposed use.

Re: Application for Special Use Permit – John and Stacy Lloyd, Parcel ID: 009224, 009225

Dear Ms. Wright, Mr. Cochran, and Ms. Hopkins,

Our firm represents John and Stacy Lloyd in their submission of the Special Use Permit Application for the Property designated Parcel ID Numbers 009224, and 009225, comprising 6.8 acres, (the “Property”). In response to the additional questions which you provided dated June 30, 2023, please see our responses below:

1. Parking area location, with dimensions: The proposed parking area is approximately One Hundred feet (100’) in length by seventy feet (70’) in width and the approximate location is indicated on Exhibit 1. Please take note that the parking location has been clarified from the original site plan submission.

2. Distance of parking area from property lines and Batts Road: The parking on the Property is located:

- Approximately 40 feet from the western boundary of the Property.
- Approximately 210 Feet north of the portion of Batts Road which runs on the southern portion of the Property. Exhibit 2 demonstrates such measurement through Google Earth imagery.
- Approximately 170 feet from the point where the Eastern border of the Property and Batts Road intersect.
- Approximately 300 feet from the southern Property boundary.
- Approximately 405 feet from the northern Property boundary.

3. Identify existing landscaping that would provide buffer from storage area. There is already substantial landscaping which exists that would buffer the storage area from the view

7/12/23

SPICER, OLIN & ASSOCIATES, P.C.

JULY 12, 2023

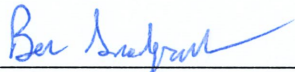

PAGE | 2

of individuals driving on South Jefferson Forest Lane or on Batts Road. We anticipate the existing landscaping which buffers the view of the parking area would remain and would not be removed. The attached images identified as Exhibit 3 demonstrate the landscape providing buffering of the parking area from South Jefferson Forest Lane. The attached image identified as Exhibit 4 demonstrates the current landscaping providing buffering of the view of the parking area from Batts Road.

4. Identify proposed landscaping that would further provide buffer from the storage area. Pursuant to the Special Use Permit Application, our client proposes to plant two rows of five (5) evergreen trees, with such trees planted ten feet (10') apart. Our client proposes planting Green Giant Leland Cypress, Arbor Vitae, White Pine, and/or eastern Red Cedar. We anticipate the trees will be 4-6 feet in height when planted. The approximate location of the trees is indicated on Exhibit 5.

Should you have any questions or comments please feel free to contact me. I remain,

Very truly yours,
SPICER, OLIN & ASSOCIATES, P.C.
